## SPECIAL INSTRUCTIONS TO BIDDERS

### ARTICLE 1: PREPARATION OF BID

Each bid must be submitted on the prescribed form. All blank spaces for bid prices must be filled in, in ink or typewritten, in both words and figures. All bids must be prepared in conformity with and shall be based on and submitted subject to all requirements of the Specifications and Drawings, together with all Addenda thereto.

### ARTICLE 2: CORRECTIONS

Erasures or other changes in the bid must be explained or noted over the signature of the bidder.

### ARTICLE 3: QUALIFICATIONS OF THE BIDDER

The OWNER may make such investigations as he/she deems necessary to determine the ability of the bidder to perform the Work, and the bidder shall furnish to the OWNER all such information and data for this purpose as the OWNER may request. The OWNER reserves the right to reject any bid if the evidence submitted by, or investigation of, such bidder fails to satisfy the OWNER that such bidder is properly qualified to carry out the obligations of the Contract and to complete the Work contemplated therein.

### ARTICLE 4: OBLIGATIONS OF THE BIDDER

Bidders must satisfy themselves by personal examination at the site of the proposed Work, by review of the Drawings and the Specifications including Addenda, and by such other means as they may prefer, as to the actual conditions, requirements, and limits of the proposed Work, and as to the accuracy of the information and statements herein contained, and the submission of any bid will be accepted by the OWNER as satisfactory proof that the bidder has satisfied himself/herself in these respects. The bidder shall not at any time after the submission of a bid dispute or complain of such statements or information, nor assert that there was any misunderstanding in regards to the nature, or amount of Work to be done. The failure or omission of any bidder to examine any form, instrument or document shall in no way relieve the bidder of his/her obligation to furnish all materials and labor necessary to carry out the provisions of the Contract Documents and to complete the contemplated Work for the considerations set forth in his/her bid, if his/her bid is accepted.

### ARTICLE 5: CONDITIONS OF WORK

Insofar as possible, the CONTRACTOR, in carrying out his/her Work, must employ such methods or means as will not cause any interruption of or interference with

traffic, with the use of existing facilities and utilities, with the use of municipally or State or privately owned lands, or with the Work being performed by others. The CONTRACTOR must satisfy himself/herself by his/her own investigation and research as to the nature and location of the Work, the general and local conditions, including, but not restricted to, those bearing upon the transportation, disposal, handling and storage of materials, water, electric power, roads, means of access, the construction and making of connections of the Work to existing facilities and utilities, or other similar conditions at the site, the character of equipment and facilities needed preliminary to and during the prosecution of the Work, requirements of owners and controlling authorities having jurisdiction over the various lands, existing structures, facilities and utilities, and all other conditions affecting the Work to be done and labor and materials needed.

#### ARTICLE 6: INFORMATION SUPPLIED TO BIDDERS

The OWNER shall provide to bidders, prior to bidding, all information that is pertinent to, and delineates and describes, the land owned and rights-of-way acquired or to be acquired.

The Contract Documents contain the provisions required for the construction of the Project. Information obtained from any officer, agent, or employee of the OWNER or any other person shall not affect the risks or obligations assumed by the CONTRACTOR or relieve him/her from fulfilling any of the conditions of the Contract.

#### ARTICLE 7: METHOD OF AWARD

If, at the time this Contract is to be awarded, the lowest base bid submitted by a responsible bidder does not exceed the amount of funds then estimated by the OWNER as available to finance the Contract, the Contract may be awarded on the base bid. If such bid exceeds such amount, the OWNER expressly reserves the right to increase or decrease any class, item, or part of the Work, and this reservation includes the omission of any such item, items, class or part of the Work as may be decided by the OWNER at unit prices submitted by the bidder to bring the Contract within available funds; or the OWNER may reject all bids.

The low bidder shall supply the names and addresses of major material suppliers and subcontractors when requested to do so by the OWNER.

#### ARTICLE 8: EXECUTION OF THE AGREEMENT

A Contract in the form set forth hereinafter will be required to be executed by the successful bidder and the OWNER. The attention of all bidders, therefore, is called to the form of the Agreement and the provisions thereof. The party to whom the Contract is awarded will be required to obtain the performance bond and payment bond within fifteen (15) calendar days from the date when the Notice Of Award is delivered to the bidder. The Notice of Award shall be accompanied by the necessary

Agreement and bond forms. The CONTRACTOR shall furnish a Performance Bond and a Payment Labor and Material Bond, each in the amount of 100 percent of the Contract Price, with a corporate surety approved by the OWNER, as security for faithful performance of Contract.

The OWNER, within fifteen (15) days of receipt of an acceptable performance bond, payment bond and Agreement signed by the party to whom the Agreement was awarded, shall sign the Agreement and return to such party an executed duplicate of the Agreement. Should the OWNER not execute the Agreement within such period, the bidder may, by written notice, withdraw his/her signed Agreement. Such notice by withdrawal shall be effective upon receipt of the notice by the OWNER.

#### ARTICLE 9: NOTICE TO PROCEED

The Notice to Proceed shall be issued within ten (10) days of the execution of the Agreement by the OWNER. Should there be reasons why the Notice to Proceed cannot be issued within such period, the time may be extended by mutual agreement between the OWNER and CONTRACTOR. If the Notice to Proceed has not been issued within the ten (10) day period or within the period mutually agreed upon, the CONTRACTOR may terminate the Agreement without further liability on the part of either party.

#### ARTICLE 10: TIME OF COMPLETION AND LIQUIDATED DAMAGES

The bidder must be available to commence Work as of the date specified in the written Notice to Proceed of the OWNER. This shall be an open-ended contract for a finite (initial three-(3) year) term, which shall consist of various Work assignments issued by the OWNER throughout the term of the contract. Therefore, there shall not be a single completion date for the overall contract; rather, the OWNER and the CONTRACTOR shall establish and agree to individual schedules and completion dates for each Work assignment. The CONTRACTOR shall be required to pay, as liquidated damages, the sum of \$200.00 for each consecutive calendar day beyond the agreed-to completion date that any Work assignment is incomplete, as hereinafter provided in the Contract and General Conditions.

#### ARTICLE 11: POWER OF ATTORNEY

Attorney-in-fact who sign bid bonds or Contract bonds must file with each bond a certified and effectively dated copy of their power of attorney.

#### ARTICLE 12: ADDENDA AND INTERPRETATIONS

No interpretation of the meaning of the Drawings, Specifications, or other pre-bid documents will be made to any bidder orally. Every request for such interpretation should be in writing, addressed to:

**Susan W. Gallagher, Purchasing Manager**  
[sgallagher@narragansetttri.gov](mailto:sgallagher@narragansetttri.gov)

In order to be given consideration, such request must be made at least seven (7) days prior to the date fixed for the opening of bids. Any and all interpretations and any supplemental instructions will be in the form of written Addenda to the Specifications, which, if issued, will be faxed or e-mailed to prospective bidders and posted on the Town's website, not later than three (3) days prior to the date fixed for the opening of bids. Failure of any bidder to receive any such Addenda or interpretations shall not relieve the bidder from any obligation under his/her bid as submitted. All Addenda so issued shall become a part of the Contract Documents.

#### ARTICLE 13: UNCERTAINTY OF QUANTITIES

The quantities listed in the bid (proposal) are approximate and are given only for use in comparing bids and to indicate approximately the total amount of the Contract; and the OWNER does not expressly or by implication represent that the actual amounts of Work will even approximately correspond therewith, but does call particular attention to the uncertainty of the quantities of the Work involved, which cannot be predicted in advance. The Work under certain items may be materially greater or less than that given in the bid, as may be necessary in the judgment of the OWNER to complete the Work contemplated in the Contract.

Under the Contract, the OWNER reserves the right to increase or decrease the approximate quantities for, or to omit entirely, any of the items as listed in the bid. Only such quantities of the respective items of Work actually performed and accepted will be paid for. An increase or decrease in the quantity for any item shall not be regarded as grounds for an increase or decrease in the bid prices.

#### ARTICLE 14: ITEMS NOT LISTED IN THE BID

Appurtenant items of Work shown on the Drawings or specified or required to complete the Work, but not listed separately under the list of items in the bid, shall be included in the cost of payment under the various applicable bid items. It shall be the responsibility of the CONTRACTOR to verify any missing or incomplete items.

#### ARTICLE 15: BALANCED BIDDING

Minus bidding on any item or items of the Specifications is prohibited. Bids should be made on each separate item of Work shown in the bid (proposal) with reasonable relation to the probable cost of doing the Work included in such item, and the right is reserved to reject wholly any bid in case any item or items thereof are obviously unbalanced or appear to the OWNER to be so unbalanced as to affect or to be

liable to affect adversely any interests of the OWNER. The attention of the bidder is called to the fact that unbalancing of bids may adversely affect the CONTRACTOR, if certain portions of the Work are increased or decreased as provided in the Contract Documents.

#### ARTICLE 16: PRICES

Bidders shall state the proposed price for the Work by which the bids will be compared. This price is to cover all expenses incidental to the completion of the Work in full conformity with the Contract, the Specifications, and the Drawings. The price or prices proposed shall be stated both in words and in figures, and any bid not so stated may be rejected.

In the event there is a discrepancy between the unit prices and the extended totals, the unit prices shall govern. In the event that there is a discrepancy between the unit prices written in words and the unit prices written in figures, the unit prices written in words shall govern. No bid will be accepted which does not contain a unit or lump sum price for every item contained in the bid form.

#### ARTICLE 17: NOTICE OF SPECIAL CONDITIONS

Attention is particularly called to those parts of the Contract Documents and Specifications that deal with the following:

- a. Inspection and testing of materials,
- b. Insurance requirements,
- c. Wage rates,
- d. Interpretation of Drawings and Specifications,
- e. Special requirements for Work within the limits of privately-owned property and State Highways, and
- f. The use of explosives and protection.

#### ARTICLE 18: LAWS AND REGULATIONS

The bidder's attention is directed to the fact that all applicable State laws, municipal ordinances and rules, and regulations of all authorities having jurisdiction over construction of the Project shall apply to the Contract the same as though herein written in full. Specifically included are the requirements necessary to comply with the Americans with Disabilities Act.

#### ARTICLE 19: MANUFACTURER'S EXPERIENCE

Wherever it may be written that an equipment manufacturer must have a specified period of experience with his product, equipment which does not meet the specified experience period may, at the option of the OWNER, be considered if the equipment supplier or manufacturer is willing to provide a bond or cash deposit for the duration of

the specified time period which will guarantee replacement of that equipment in the event of failure.

#### ARTICLE 20: ACCESS TO SITE

Representatives of the "OWNER" and of the State shall have access to the Work wherever it is in preparation or progress, and the CONTRACTOR shall provide proper facilities for such access and inspection.

#### ARTICLE 21: SOIL BORINGS

For Construction Documents that include soil borings, Bidders attention is directed to the fact that no guarantee of any nature is given by the OWNER and/or Engineer as to accuracy of the data obtained from the borings. Reproductions of all available boring log sheets are attached herein. Soil and rock core samples may be made available for inspection. Any bidder who uses this information in making his proposal does so entirely at his/her own responsibility and risk.

#### ARTICLE 22: RHODE ISLAND SALES AND USE TAX

Materials and equipment purchased for installation under this Contract are exempt from the Rhode Island Sales Tax. The exemption from the Sales Tax shall be taken into account by the CONTRACTOR during bidding.

#### ARTICLE 23: JOB CONDITIONS

The bidder is advised that free vehicular and pedestrian access must be maintained to the major streets. The method of construction must be therefore compatible with this requirement of free access.

#### ARTICLE 24: PRECONSTRUCTION CONFERENCE

The CONTRACTOR shall be prepared to attend preconstruction conferences scheduled by the OWNER after award of the Contract, but prior to the actual commencement of any Work assignment (see Article 10). The items of discussion shall include the CONTRACTOR's construction schedule for that particular Work assignment, proposed Superintendent, Professional Engineer or Land Surveyor, record drawings, etc.

#### ARTICLE 25: OWNER'S RIGHT TO DELETE PORTION OF CONTRACT

The OWNER reserves the right to delete a portion of this Contract after review of submitted bids, and prior to or after Bid award. The CONTRACTOR shall have no claim for anticipated profits or for loss of profits or for increase in prices should the OWNER exercise this right.

## ARTICLE 26: LABOR REGULATIONS

The following paragraphs regarding nondiscrimination in employment shall be included and become part of these Specifications:

- a. The Contract for Work under this proposal will obligate the CONTRACTOR and subcontractors not to discriminate in employment practices and conform to Executive Order No. 11246.
- b. Bidders must, if required, submit a compliance report concerning their employment practices and policies in order to maintain their eligibility to receive award of the Contract.
- c.
